ESPA India Tech & Winmate is pleased to announce our participation in the upcoming Drone International Expo 2025, taking place from July 31 to August 1 at Bharat Mandapam, New Delhi.

Join us at Booth H12-D2 to discover our latest advancements in robotic controllers, edge AI computing, industrial-grade panel PCs, and enterprise mobility solutions, all built for unmanned systems and mission-critical applications across defense, logistics, and industrial automation.

What to Expect at ESPA & Winmate's Booth

- **Robotic Controller Series**

See our handheld controllers from 5" to 10.1", built for field control and supporting Windows and Android. Also featured our 15.6" portable controller with HOTAS joysticks and custom switches for advanced remote operations.

- **Edge AI Solution Series**

Explore high-performance Embedded Computers and the new Rugged AI Tablet, made for real-time processing, image recognition, and unmanned applications in the field.

- **Industrial and Military Grade Panel PCs**

Check out our industrial IP67 and military-grade Panel PCs, designed for tough environments with IP-rated protection and durable touchscreen displays.

- **Rugged Laptops and Tablets**

Discover our range of rugged mobile devices, including large-screen tablets and laptops, ideal for logistics, inspections, and mission-critical field work.

Visit Us at Booth Hall12-D2 and Join Us at the Forefront of Innovation!
